Short Description

Unique Rolling Pin/Cocktail Shaker

Description

Here is a truly Unique/Rare Cocktail Shaker. Made by the Bates Co., Cleveland, Ohio. With Repeal of Prohibition there was a celebration that included a lot of tongue-in-cheek humor at Prohibition's expense. Most of our truly imaginatively designed cocktail shakers are from that era. This is one for the books.

it is clearly marked inside the end cap "COCKTAIL SHAKER & ROLLING PIN".

It is made of aluminum with a polished finish. Looks like chrome.

The rolling pin/cocktail shaker measures 18" from tip to tip.
