Short Description

Heisey Horse Head Cocktail Shaker

Description

See this rare Heisey Horse Head Cocktail Shaker on page 149 of Visakay's "Vintage Bar Ware".

Consists of the shaker body, the strainer and the horse head top.

Dating from the 1930's/1940's this is a rare shaker. You may see the traditional Heisey and the rooster head Heisey, but the Horse Head is seldom seen.

Also note the bulbous body of the shaker - another distinctive feature.

The shaker stands 14" to the top of the horse's head.

No chips, breaks, cracks or staining. Excellent condition.

This is a cocktail shaker crucial to any quality collection. The best and purest martinis are made in a Heisey, all glass Cocktail Shaker.
